## **Stanbic Bank Botswana sponsors Selebi-Phikwe Golf Day**

**OR**

## **Stanbic Bank and Selebi-Phikwe Golf Club host golf day**

GABORONE – Stanbic Bank Botswana, in collaboration with the Selebi Phikwe Golf Club, will be hosting a golf tournament on Saturday 6<sup>th</sup> October 2012. Stanbic Bank, the sole patron of the event, will be sponsoring the golf tournament to the tune of P20,000.00.

The tournament, known as Stanbic Bank Golf Day, is an annual event. The event aims to encourage greater interaction and networking between business individuals and companies, forging strong business ties well into the future. This also comes as a testament of Stanbic Bank's support for the business community of Selebi Phikwe.

Stanbic Bank Botswana Chief Executive, Mr. Leina Gabaraane said "Stanbic Bank sees this as an opportunity for the Bank to cultivate lasting relationships in the town. Selebi Phikwe is an incredible place and the business community here is so full of potential."

The tournament is expected to attract the participation of golfers particularly from the northern part of Botswana, as well as businessmen from Selebi Phikwe, both golfers and non-golfers alike. Recently, Stanbic Bank sponsored two golf tournaments being Botswana Investment and Trade Centre (BITC) for P50,000.00 and Botswana Golf Union golf prizes amounting to P40,000.00.

Said Phikwe Golf Club Captain, Palalani Moitlhobogi, "We are grateful to Stanbic Bank for their continued sponsorship. On behalf of the Club members, we applaud sponsors like Stanbic Bank who see it fit to support golf days such as this one. We are confident that it is going to be a wonderful day and we look forward to a stronger relationship with Stanbic Bank well into the future."

"We're honoured to be working with the Selebi Phikwe Golf Club. This affords us a chance to network with our existing and potential customers, in order to continue giving them alternative banking solutions whenever we interact with them. This is another way we are moving sport in Botswana forward," concluded Mr. Gabaraane.
